

Part No.	Rated Curent	Ground Capacitance	Discgarge Resistance	Input	Output	Electrical Schenatics
DL-80EA1	80	10	0.68			

**Applications**

Suppress the industrial radio interference along power lines

- Rated Voltage                    250/440VAV
- Line Frequency                50/60Hz
- Test Voltage                    1500VDC
- 2250VAC
- Rated Current                  50-600A
- Climatic category            25/085/21

**RUICHI**
